Bachelor of Science, Autonomous Vehicle Engineering

CAMBRIAN INT'L COLLEGE OF AVIATION (PERSON BTEC LEVEL-5)

Mar 2019 – Aug 2021

Higher National Diploma (HND) IN Aeronautical Engineering

SKILLS

Soft skills

Organizational and planning skills

Tech skills & Tools

Python, MATLAB and SQL | Basic programming C, C++ | Engineering Projects | Technical Problem Solving | Microsoft Office | Microsoft PowerPoint | Zoom | Microsoft Excel

WORK EXPERIENCE

Nari Maitree

DHAKA, BANGLADESH

Team Leader and Volunteer Coordinator

Mar 2018 – Sep 2020

I worked as a Youth Team Leader and Volunteer Coordinator, where I developed strong leadership, communication, and organizational skills. My responsibilities included coordinating local youth members, communicating with rural communities, and identifying community challenges and social issues. I also led a youth organization called "Ajker Jubo Projonmo," which collaborated with Nari Maitree to support children and homeless people through social and community initiatives. This experience helped me strengthen my teamwork, problem solving, and people management abilities while working in diverse community environments.

Key Responsibilities

- Managed youth teams and coordinated activities.
- Organized social and community events.
- Conducted meetings and team discussions.

Note: Also I was a member of some national events management programs in Bangladesh.

PROJECTS

Fabrication of a Quadcopter

Implementation

- Data collection
- Assemble parts
- Contributed to the creation, application, and evaluation.
- Maintained technical sides

HONOURS AND AWARDS

Airbus Beyond

Issued May 2026

Airbus Supply Chain Specialist

Completed a professional online based professional training by “Coursera Airbus Beyond” focused on Supply chain.

Specialized:

- Understanding Global Supply Chains
- Procurement Strategies
- Demand Forecasting and Inventory Management
- Supply Chain Sustainability

BEIOA- Light Engineering Training Institute

DHAKA, BANGLADESH

Machine Shop Practice

Oct 2018 – Feb 2019

Completed practical training focused on lathe machine operations, drilling, safety procedures, and tool fabrication.

Contributions:

- Prepared various types of tools (Nuts, Bolts, Cutting tools, Gears).
- Ran and implemented drilling and safety measurements.

VOLUNTEERING

ActionAid Bangladesh

DHAKA, BANGLADESH

Youth volunteer

Feb 2017 – CURRENT

Core youth volunteer at ActionAid Bangladesh since 2017. Participated in leadership, life skills, and social development training programs organized by Global Platform Bangladesh. Contributed to youth engagement and community development initiatives while improving teamwork and communication skills.

ORGANISATIONAL SKILLS

Human Rights Based Approach

Participated in human rights based training organized by Global Platform Bangladesh, a hub for youth activism and ActionAid Bangladesh. The program was held from 28 October to 1 November 2019 and focused on leadership, social awareness, and youth empowerment.
